## Committee Terms of Reference

### 1.0 Introduction

- 1.1 Parish councils can delegate functions and decisions to a committee, sub-committee, officer or another local authority, but not to individual councillors. Councils have legal powers to undertake certain activities and decisions that are made are required to be within the boundaries of these powers.
- 1.2 Any delegation to a committee, sub-committee or officer should identify the nature and extent of the responsibility or decision making. A parish council can arrange for the discharge of part, or all, of their functions (except in respect of levying the precept) to committees, sub-committees, and officers. Such arrangements require certain decisions to be referred to, or made by, full council.<sup>i</sup>
- 1.3 This document sets out the terms of reference for the following committees: finance, planning, personnel, and emergency plan and the following working groups: Saxilby Waterfront, Neighbourhood Development Plan Review, and Multi-Use Games Area (MUGA).
- 1.4 The terms of reference have been approved by full council. If a sub-committee/working group is appointed, the parent committee can determine the terms of reference for the sub-committee/working group. However, it cannot confer responsibilities that are not within the committee's terms of reference.<sup>ii</sup>
- 1.5 The terms of reference set out the parameters within which authority is delegated to committees, sub-committees/working groups and officers and specifies how they are accountable.
- 1.6 It is good practice that terms of reference are made available to councillors and the public. [These are available on the council's website](#). Clear terms of reference provide assurance to the public that the council is operating in a transparent manner and within an appropriate governance framework.
- 1.7 The membership of each committee is established at the annual full council meeting, with councillors putting forward which committees they would like to sit on. Any requested variances to this committee membership must be agreed at full council. Any new councillors who join the council part-way through the administrative year must request membership of specific committee(s), with this to be agreed at full council.
- 1.8 A minimum of five members should sit on a committee, to ensure that it can always be quorate (there must be three members in attendance for it to be quorate). A maximum of seven members will be set for a committee, otherwise it can become cumbersome and ineffective if most of the council are sitting on it.
- 1.9 Chair and vice-chairs of committees should undertake training in relation to the role i.e. in management of council meetings. This can either be via an organised LALC course or via bespoke training which can be arranged with the clerk.
