**Report by:** Clerk

**Power/duty which decision falls under:**

Power to encourage visitors - Local Government Act 1972, s.144

**Which council objective(s) it falls under:**

- Maintain and improve community facilities and amenities
- Protect and enhance our green spaces and street scene
- Preserve and enhance heritage assets, environmental assets and wildlife
- Retain and encourage employment and tourism opportunities
- Improve the well-being of residents
- To foster public participation and engagement

**Public Sector Equality Duty**

*Consider how policies/decisions affect those protected under the Equality Act)*

Consideration will need to be given to accessibility and useability of signage for those with disabilities.

**Duty to conserve and enhance biodiversity**

-

**Consideration on carbon reduction:**

Panels are lockable and therefore updatable, meaning they are more sustainable. They are from a UK based company.

## Consideration of risk management in relation to the proposal<sup>1</sup>

*It is impossible to list every risk faced by a local council. Risk, in the general sense, means the likelihood of an event happening, and the severity of the negative consequences. The insurance industry regards risk as representing loss or damage. Risk always involves uncertainty. When protecting a local council effectively, it is important to consider if risk is present in the following areas (SLCC AN241)[Tick]*

Decision making

✓Finances

Property

Staff

Events

Legal

Inspections

Written/verbal

communication

Insurance

If land was acquired a number of risk areas would need to be assessed in more detail including legal, financial (cost to purchase), cost to maintain including provision of staff

**Does the report consider any new activity? If 'Yes', has a risk assessment, including risk management proposals, been included for consideration and adoption by the council?**  
(Financial Regulation 17b)

**No**

## REPORT

At the November 2024 meeting it was agreed to write to local stakeholders and see if they would contribute towards sponsorship for heritage panels in Saxilby Waterfront to replace the ones reaching the end of their life.

No sponsorship was offered, however Lincolnshire Co-op invited the council to apply for a Community Champions grant which could be used towards heritage and tourism – such as the information panels. If successful, this would raise approaching £1,000 towards the six planned panels, which would pay for around two of the six panels.

Example of an information panel (lockable and therefore updatable)

Example shown is £549 exc. VAT.

**RECOMMENDATION(S):**

- **That Committee notes the report and resolves for officers to apply to the Co-op Community Champions Scheme for the heritage and tourism improvements – black lectern information panels.**
- **That officers seek further grants to complete this remaining action from the project list.**
