

Saxilby with Ingleby Neighbourhood Plan Review Steering (Working) Group

Update for Planning Committee

Wednesday 21 May 2025

1. The first NDP review meeting took place in February 2023. It has been a longer process than anticipated due to timescales with funding, however the working group have been committed to see the plan completed.
2. The NDP, with Heritage Assets appendix was recommended by the Planning and Development Committee in April to Full Council to approve submission to WLDC as well as the Design Code (previously approved) and Housing Need Assessment (previously approved), Consultation Statement and Basic Conditions Statement. An extra-ordinary full council meeting was held on Tuesday 06 May 2025, where it was agreed for submission of the draft NDP to WLDC.
3. The NDP review was submitted to WLDC on 13 May 2025, which begins to add weight for determining planning applications.
4. WLDC will organise a referendum for the parish to vote on the plan to be adopted. This is expected to be in September 2025.

Recommendations

For Planning and Development Committee to note the update.
