Objective: Maintain and improve community facilities and amenities

Mill Lane Changing Rooms

Our grounds team are working with the football club to make improvements. New shower screens have been fitted and painting is taking place inside. Outside maintenance is planned.

Saxilby Waterfront Facilities

The building which houses the public toilet and boater facilities has now been re-roofed, using existing tiles where possible, with new membrane and batons. Replacement windows and doors have been agreed. These will make the building watertight, and allow the inside to be updated.

Have Your Say: Saxilby Heritage Room

We are considering turning the boaters' shower room in the Waterfront Facilities into a heritage room to showcase local history. Public toilets and the boaters' sluice room will remain and be refurbished.

We'd love to hear your thoughts!

Objective: Foster public participation and engagement: Thank You!

A Fantastic Family Fun Day

A huge thank you to everyone who joined us at this year's Family Fun Day. We were delighted to welcome around 2,600 visitors, and thanks to your support, well over £1,000 was raised for local charities and community groups.

Plans are underway for next year's event, so save the date of Saturday 22 August 2026!

MacMillan Coffee Morning

Thank you to everyone who donated cakes and came to our community coffee morning held on Friday 26 Sep at the Welcome Hub at the Community Centre. We raised £134 for McMillan Cancer Support Charity.

Community Speed Watch

Our Community Speed Watch group is growing with new members on board, and we're looking to run more regular sessions. To do this, we need as many volunteers as possible.

Speed Watch isn't about penalising drivers, but about raising awareness and encouraging safer driving in our village. Every session helps remind motorists to slow down, and the evidence we collect can also be used to support stronger speed management measures where needed.
