

**Saxilby with Ingleby Neighbourhood Plan Review (Working) Steering Group
Update for Planning and Development Committee**

June 2026

Following the successful referendum, the plan is progressing to being made (adopted) where it is an agenda item on West Lindsey District Council's (WLDC) June Full Council meeting.

The meeting is being held on 29 June 2026 and NDP steering members have been invited to attend. This invitation has been accepted by members of the group and will mark the completion of the plan review process.

Once made, the plan will formally become part of the development plan and will be given full weight in future planning decisions in the parish. The made¹ review plan will replace the current one.

Recommendations:

Note the update.

¹ 'Made' is the term given to an approved neighbourhood development plan.
