REPORT

A table tennis table owned by the Council is currently stored at St Andrews Community Centre. The table has been in storage for at least seven years and has not been used during that period.

The table is occupying storage space which could be better utilised by the Council and community groups using the Centre. It is therefore proposed that the table is sold, allowing it to be reused elsewhere and freeing up storage capacity.

Given the age and condition of the table, the Clerk would determine an appropriate method of sale and asking price, having regard to its likely market value. Any proceeds from the sale would be credited to the Council's bank account and recorded appropriately in the Council's accounts.

Council is asked to approve the disposal by sale and delegate the necessary arrangements to the Clerk.
