Council News

VOTE ON 6 MAY: Referendum

The referendum for the reviewed Neighbourhood Development Plan (NDP) will take place on 6 May. This is an important opportunity for the community to decide whether the updated NDP should be formally adopted. If approved, the plan will play a key role in guiding future planning decisions within the parish.

The NDP is available to view on the parish council website, with summaries of key policies also shared on the Council's Facebook page. A booklet and information leaflet is also being delivered to households in the parish.

Westcroft Green Space Development

Work is continuing to progress the development of Westcroft Green Space. Recent site visits have taken place with play and fitness contractors to create draft options for the play and fitness zones.

The working group is also developing plans to deliver the relaxation, planting, and imaginative play areas.

'No Mow' Areas Return for 2026

The 'No Mow' scheme is continuing this year, allowing some grass areas to grow longer to support wildlife such as bees and butterflies.

Following feedback, some areas have been adjusted. For example, Sellars Walk will now be cut regularly, while St Botolph's Rear Green Space will be cut with longer grass left at the edges.

Grass verges near paths and roads will still be maintained for safety, and signage in 'no mow' areas will explain the scheme. Feedback is always welcomed to help improve it further.

Village Fundraiser for Wildline Wildlife: FRIDAY 22 MAY 3.30PM

Saxilby with Ingleby Parish Council and Saxilby Sports Hub invite residents to a community fundraiser in support of Wildline Wildlife Sanctuary.

Join us on Friday 22 May, 3:30–5:30pm at the Pavilion Bar, St Andrews Community Centre, for coffee, cakes, and a raffle.

All proceeds will go to the sanctuary. We also welcome cake donations (from 2:30pm) and raffle prizes, which can be dropped off at Wildline Wildlife Sanctuary.

Everyone is welcome to come along and support this important local cause.

Village Yard and Garden Sale: SUNDAY 28 JUNE 10AM – 2PM

Residents are invited to take part in the upcoming village yard and garden sale around the village - a great opportunity to declutter and give unwanted items a new home.

Charity stalls are also encouraged to join, offering a chance to raise funds for local or worthwhile causes.

Register your sale here: <https://bit.ly/4co6x2X>

The closing date to register is Thursday 14 June. Maps of participating locations will be made available shortly afterwards.

MUGA Development Update

Work on the new Multi-Use Games Area (MUGA) is progressing well, with significant milestones already achieved on site.

The base and concrete edging are now in place, preparing the area for the next stage of tarmacking. A retaining wall has also been constructed alongside the car park, helping to define the space and support the surrounding ground.

In addition, a new crate-based surface water drainage system is currently being installed. This will help address the localised flooding issues that have previously affected the area, providing a more sustainable long-term solution. The perimeter fencing has been erected and includes integrated football goals, giving a clear sense of how the finished facility will look and function.

Next steps will focus on completing the final surface, installing seating at the northern end of the MUGA, and tarmacking the entrance. The project continues to move forward at pace, and further updates will be shared as work progresses to its completion ready for the summer.

Proposed Quiet Lane Trial – Sykes Lane

The parish council is working with LCC and Sustrans to consider a Quiet Lane trial on Sykes Lane between Saxilby and Torksey.

Quiet Lanes are **shared spaces** used by walkers, cyclists, horse riders, and drivers, with a focus on lower speeds and safer use for all. They help to promote wellbeing, increasing physical activity, tourism, and access to nature sites.

Residents, particularly those living nearby, are invited to share their views by Friday 15 May 2026. Feedback will help shape the proposal.

Community Speed Watch

With the arrival of improved weather, Community Speed Watch volunteers will soon be returning to Mill Lane to monitor traffic speeds.

These sessions form part of a longer-term effort to gather evidence that may support the introduction of permanent speed monitoring measures, such as a speed indicator device.

The scheme relies on volunteers, and additional support would enable more frequent monitoring sessions across different areas of the village. There is no fixed commitment required, and residents can participate as their availability allows.

If you would like to volunteer to join the scheme, please register your interest here: <https://bit.ly/48jayDr>

Annual Parish Meeting

The Annual Parish Meeting for Saxilby with Ingleby will take place on Wednesday 27 May at St Andrews Community Centre.

This is a meeting for residents, offering a chance to hear about local activities, meet community groups, receive updates, and share your views.

The evening begins with a meet and greet at 6:30pm, followed by the main meeting at 7:30pm. All residents are welcome.
