Neighbourhood Development Plan

Referendum Result

Residents have voted in favour of adopting the reviewed Saxilby with Ingleby Neighbourhood Development Plan, which will now go to WLDC for formal acceptance. This will help guide future planning decisions within the parish, covering areas such as housing, design, infrastructure, and protecting the character of the village.

The parish council would like to thank everyone who took part in the referendum and supported the review process.

Online Room Booking Now Available!

Rooms at St Andrews Community Centre can now be checked and booked online.

The centre offers a range of flexible spaces suitable for meetings, classes, parties, training sessions, and community activities, with facilities including free WiFi, refreshments, accessible facilities, and presentation equipment available.

New Waterfront

Interpretation

Boards Installed

Three new interpretation boards have been installed along the waterfront, helping to showcase the history and heritage of the area.

The project forms part of the wider waterfront regeneration programme and was supported by local businesses, volunteers, and the Saxilby and District History Group. A fourth and final board will be installed shortly.
