

Saxilby Waterfront funding proposals:

At the Planning and Development Committee meeting on 16 September 2026, it was agreed under agenda item 14(3) that the Saxilby Waterfront Group (SWG) would liaise with the Parish Council regarding proposals for the expenditure of the remaining funding, to be brought back to the P&D Committee for agreement.

Item	Proposed allocation (excluding VAT)
One heritage lamppost, located at the end of West Bank	£1,100
Contribution towards a heritage wall light and bracket for the toilet building (anticipated total cost £1,800 excluding VAT)	£1,000
Contribution towards picnic area improvements, including seating and planting	£1,600
Total proposed allocation	£3,700

Further information

- Heritage wall light: As previously requested, we would be grateful to receive an image of the proposed light and confirmation of the associated costs before proceeding with this element of the project.
- Picnic area improvements: SWG has already secured a £1,000 grant from One Earth towards seating. We are also awaiting confirmation of funding for a landscape architect to prepare a master plan and visual proposals for the picnic area. These plans will help inform decisions on the wider improvements, including seating and planting, towards which the proposed £1,600 allocation would contribute.

Recommendation:

To note the proposals and bring back to committee with quotes for lighting and RFF budget available.
