Saxilby with Ingleby Parish Council: Tree Report 2026
November 2026
Andrew Deighton Grounds and Estates Manager

Regular (bi-annual) Arboricultural Tree Survey

1. Lincolnshire County Council have undertaken the Regular (bi-annual) Arboricultural Tree Survey in October. The findings and descriptions can be found in Appendix i.
    - In summary; 39 trees have been identified as requiring attention.
    - Four trees have been identified for urgent removal/attention by an arborist/tree surgeon.
    - 21 trees have been identified as requiring attention by a contractor. Quotes are being obtained in the hopes that the cost will be met by existing budgets.
    - The remaining 14 trees are being dealt with by the Grounds Team over the next few weeks.
    - The Appendix i. is colour coded red for urgent, amber for non-urgent, green for work already undertaken or in the process of completion this month.
2. A further 50+ trees around the village have required attention for either ivy severing and/or coppice removal (growth from around bottom of tree e.g. on Highfield Road). This has been started on many of the trees on verges, around the village, and is in progress.

Tree Planting

3. Following on from committee reviewing tree planting locations on Torksey Avenue earlier in the year and the NDP/Draft Corporate Plan Objective to plant more trees, a number of proposed locations for tree planting have been identified to fill gaps on our verges and/or enhance public spaces.

    Smaller trees (3-4m fully grown) inc. fruit trees, would be selected to add colour, character, biodiversity, and food for wildlife.

    Two areas have also been identified for potential small orchards on Ashfield Grange and in a corner of the new Burial Ground.

    These areas would also be enhanced by accessible seating. Please see Appendix ii.

    This would be subject to approval and budget for 2027/28 and onwards.

Finance and Risk Committee Recommendations

1. Note the Lincolnshire County Council Parish Inspection tree report and actions.

Planting and Development Committee Recommendations

1. Support tree planting proposals in principle, in-line with NDP and Draft Corporate Plan, and officers to develop a delivery plan and budget to inform the budget setting process.

No.	G or A	List	3 word address	Tree Number (RAG System)	Status
1	G	Daubeney Avenue	///coasting.pulses.resembles	G1-4 X Silver Birch- Sever ivy from base ensuring 1m gap	Complete
2	A	Daubeney Avenue	///postings.eclipses.eradicate	T1-Ash -Remove deadwood over footpath, Sever ivy from base ensuring 1m gap,	
3	G	Maiden Court	///robots.passenger.club	T2- Cherry- Formative prune / Remove smaller Basal stem to promote uniform structure	Complete
4	A	Daubeney Green	///whirlpool.fabricate.afraid	S1- Remove Stump via stump grinder	
5	G	Daubeney Green	///reflected.crumble.includes	T3-Cherry- (For Parish action) Monitor / Bacterial Oozing on Main stem, Suspected canker, monitor crown before next survey interval	Complete
6	A	Sellars walk/Vasey close	///sitting.homelands.models	T4-Alder-Reduce height by 3m & Install 4tonne Dynamic Bracing (Cobra) both Main scaffolds- Reason: Although Union shows blunt rib formation, a Previous branch within the union is acting as a wedge for internal bark, Dynamic Bracing will support the stems	
7	A	Saxilby Parish Tree Survey	///responded.oaks.supreme	T5-Alder- Repollard- Previous Pollard is becoming lapsed , this combination of decaying unions and end wight may lead to failure on adjacent property and footpath	
8	A	Queensway	///something.sporting.spout	T6-Birch (URGENT)- Fell- Reason: Dead standing Adjacent to highway	
9	A	Queensway	///spooked.smoking.bitter	T7-Pine (URGENT) -Fell - Reason: Dead standing Adjacent to highway, this can be dealt with during T6 Urgent Works	
10	A	Queensway	///slopes.taped.sweetened	T8-Willow- Remove large diameter hanging branch from over footpath, Repollard- reason:Becoming lapsed pollard before next survey interval, Signs of failing branches has exposed the central crown , Recommend routine 5 -7yr Pollard plan	
11	G	Bridge Street	///thumps.poster.pursue	T9-Prunus (Dead)- Remove Juvenile specimen & Replant , I reccomend planting new specimen with quality soil medium and/or biochar for increased water retention	Complete
12	G	Bridge Street/Canal Court	///grad.gratuity.bouncing	T10- Pear- Remove Cage, stakes and over Tensioned tie	Complete
13	G	Bridge Street/Canal Court	///cyber.diplomat.tinkle	T11-Pear-Remove Cage, stakes and over Tensioned tie	Complete
14	A	Westcroft Drive Footpath	///botanists.backpacks.bounding	S2- Remove Stump via grinder- Stump Progressing into Coppice, Retain if a coppice is desired or remove and replant	
15	A	Westcroft Green Space	///pose.brother.digesting	T12-Acer Rubrum - excessive Bark damage (suspected dog damage) , recommended Cauterise wounds with blow torch, ensure all of wound is black to prevent fungal sporolation	
16	A	Westcroft Green Space	///engulfing.reaction.relies	T13-Acer Rubrum- Install dynamic cobra bracing to support week union - reason: Inclusion is increasing however occluding, increased weight will increase stress, install 2tonne OR Reduce height by 2m to reduce end weight	
17	A	Westcroft Green Space	///wades.fittingly.professes	T14-Acer Rubrum- Install dynamic cobra bracing - 2tonne or less (same as T13),	
18	G	Westcroft Green Space	///curtains.preparing.gosh	T15-Acer Rubrum- NOTE: Recommend to Prune to branch bark ridge as per BS3998:2010 standards, recommend not to leave 'pegs' as these will Decay into the main stem due to not compartmentalisation	
19	G	Westcroft Green Space	///spearhead.welfare.learn	G2(establish ownership first) - Mix of Hawthorn/Maple/Apple- Sever ivy from base ensuring 1m gap estimated x12 specimen	Complete
20	G	Westcroft Green Space nr new bench	///missions.pegs.graphics	T16-Hawthorn- Sever Ivy from Base ensurig 1m gap	Complete
21	G	Westcroft Green Space nr new bench	///submitted.topped.parting	T17-Hawthorn- Sever ivy from base ensuring a 1m gap	Complete
22	A	Westcroft Corridor nr Northfeild Rise	///snowballs.calibrate.clean	G3 Establish Ownership- Including X2 dead Ash- Fell - Recommend mewp access due to dense undergrowth of brambles and hawthorn	
23	A	Westcroft Corridor nr Drs Car Park	///twit.dumpy.confining	T18-Oak (establish ownership)-Remove deadwood over footpath	
24	G	New Burial Ground	///trackers.lavender.grape	T19-Pear-Juvinile Specimen- Remove Moribund/Dead Leader, allow regeneration from Coppice or Replant	Complete
25	G	New Burial Ground	///tens.slipped.somewhere	T20-Pear-Juvinile specimen, Remove Moribund/Dead Leader, allow regeneration from Coppice or Replant	Complete
26	G	New Burial Ground	///corrects.playoffs.sooner	T21-Pear- Juvenile Specimen- remove dead apical tip to prevent poor wound from natural failure	Complete
27	G	New Burial Ground	///statue.bullion.tripled	T22-Pear-Juvinile Specimen- Remove Moribund/Dead Leader, allow regeneration from Coppice or Replant	Complete
28	A	Burial Ground (track)	///handicaps.secretly.flannel	G4- Mixed if X11 Trees- Remove all deadwood & Sever ivy from base ensuring 1m Gap	
29	A	Burial Ground (track)	///biggest.executive.paintings	T23-Dead Specimen- Fell	
30	A	Burial Ground	///sleepers.sunroof.lively	T24-Ash-Remove deadwood	
31	A	Burial Ground	///shadowing.invested.claim	T25-Ash-Remove deadwood	
32	A	Burial Ground	///blazed.swells.straddled	T26-Ash-Remove deadwood	
33	A	Burial Ground (Church Graveyard)	///until.bakers.texts	T27-Rowan-Fell - Reason: T27 Appears assyemtrically weighted towards Grave stones, continued suppression by oaks will increase likelihood of mechanical failure	
34	A	Burial Ground (Church Graveyard)	///scavenger.firms.lamps	T28-Ash- Third party tree*- Remove overhanging deadwood	
35	A	Burial Ground (Residents)	///advice.majors.aunts	T29-Norway Maple- Install 2-4t Cobra Bracing , remove rubbing/crossing branch & remove central deadwood- Reason: blunt rib inclusions yet included bark to a cup union, signs of canker at 1.5m, recommend to support the canopy and retain the tree	
36	A	Burial Ground (Residents)	///covertly.writings.grocers	T30-Oak-Remove Deadwood	
37	A	Mill Lane (P1 Workshop)	///plugged.minivans.candle	T31-Cherry-Monolith to 4.5m whilst retaining stem for bird box- Reason:Sounding hammer indicates severe decay, failure targeting football field	
38	A	Mill Lane (P1 compost corner)	///transfers.observes.starfish	T32-Cherry- URGENT - Fell- Reason: Significant decay in included bark union	
39	A	Mill Lane (Centre left coppice)	///quicksand.vegetable.graph	T33-Cherry- Static brace (Rod) to support main leaders at risk of Failed inclusion OR Reduce height by 2.8m and shape to uniform & remove deadwood	

G= Grounds team

A = Arborists/ external contractors.

ALL trees recomended for removal have been sprayed with yellow dot on site.
