NOTES:

1. If you reside outside of Saxilby with Ingleby Parish an additional levy of 100% is added to all costs.
2. Where the Exclusive Rights of a grave or cremation plot is purchased, it gives the owner the right to determine future interments within the grave and to place a memorial upon the grave.
3. At a later date, it is often the case that the owner of the Exclusive Rights is interred within that grave. No further burials can be made in that grave unless the Exclusive Rights are formally transferred to another person, and assuming there is sufficient space.
4. The Exclusive Rights can only be formally transferred to another individual, following a strict legal process.
