Clothing Bank Income

The council has a clothing bank situated on the Memorial Field. The income is currently split 50/50 between the wheeled park and Bridge Street regeneration project. The wheeled park project is now complete, therefore 50% of the income now needs to be allocated to another project.

The two current projects are the MUGA and Westcroft Green project.

RECOMMENDATION(S):

That Full Council/Committee notes the report and agrees to allocate the funding either to the MUGA project or the Westcroft Green project
