

Saxilby with Ingleby Parish Council

NON-CONFIDENTIAL

Report by: Assistant Clerk

Date: March 2022

Gas and Electric Contract Update Report to: Full Council 03/2022

RECOMMENDATION(S):

That the council notes the report and ratifies the electricity contracts for **Bridge St Toilets and Mill Lane** and the **St Andrews Community Centre** gas supplier for **2024-2027** (highlighted in blue).

End dates have now been harmonised. Three quotes were obtained prior to agreeing new contracts, the contracts selected were the most competitive and are from renewable sources for electricity. They will also move to one supplier. Signed up now for long 2024-27 due to rapidly increasing energy prices. The fixed contract prices for energy, minimise risk to the council and facilitate long-term planning and budgeting.

Electric Contracts and Prices	
Site	Forthcoming Contract
