Subject: Rubbish bins required in 2 locations

Hello

As a resident who frequently walks my dog on the sports pitches just off Mill Lane, I am faced daily with rubbish lying around in the car park and also on the two sports pitches.

I always pick this rubbish up and dispose of it appropriately. Are you aware that plastic sports drinks/cans/food wrappers end up in the hedgerow? These appear to be left by general visitors, players and football 'supporters'. These items are discarded after matches and I cannot bear to see them lying around .

Because there are currently NO bins provided by you, for your residents and sporting visitors in either in car park (sadly and without any explanation you fenced off our access to the only available bins some time ago) I have two choices; either to carry it home and put it in my own bin (sometimes there is a carrier bag full) or put it in the poo bin in the car park. Clearly neither of these options is sensible or appropriate.

Please can you install general waste bins (or even better a range of recycling bins) in both the car park and also between the junior and senior football pitches.

Would you also consider some signage and publicity to encourage this valuable area to be kept tidy?

I hope very much that you want to enable, encourage and actively support the appropriate disposal of this sort of rubbish and therefore will install bins at the earliest opportunity.

I very much look forward to hearing from you on this matter

Finally, please confirm when the Parish office will reopen for face to face contact?

Thank you very much
